April 7-2003

Honorable Joseph R. Goodwin  
United States District Court  
P.O. Box 1570  
Huntington, W.Va. 25305

Dear. Honorable Joseph Goodwin

This is in concern of a legal matter, which involves a numerous of denied rights in access to the department of Motor Vehicles. Which my mother Shirley Adkins received a renewal card in the mail, that my license needed renew. Which she sent to me for filling, and filing at the Department of motor vehicles in charleston W.Va. I had put it in the U.S. mail up here at the Denmar Correctional Center Post Office. It them was sent to, Ms. Dun Wick to issue a check for thirteen dollars, to place into the envelope with the other documents to the Department of Transportation. But was called down to her office by her, which was on 4-7-2003, and was told by her. That she was not going to issue, a check for such. I also have asked the CMS Medical staff here for the Denmar Correctional Medical Unit Dr. Must. That I will need to sign a release for my medical records, with the medical staff here. For such medical records to be sent out of here, but the request I

put in on such notice to the Warden Mark Williamson. Has not been answered, on such concern I need my medical records released to the division of Coal mine workers Compensation in Charleston W.Va. I am also needing copies sent out, to the Social Security Administration in huntington W.Va. Which they have refused to do so on either of them. I would ask if you, would send a court order up here for such issues to be done by ordering the defendant to release my medical records to the ~~above offices in this letter or petition~~ for a order for such defendants to release such medical records. That the court would do an investigation on the issues of being denied, the rights to have this done and to be able to do these issues. I am also been denied the right to type legal issues to the Social Security Office. That I have been told, that I can only use the typewriters for legal cases in my criminal case. They tell me, that if I type one more thing ; that did not concern legal matters on my case. I will be written up and have good time taken from me for doing so. I will subject my self to a polygraph testing, to show that I ~~may come~~ to show such is taking place. That I know, that the defendants up here will deny of such things going on. I would also ask for a junction order permitting, any retaliation from any of these defendants as I'm process such legal actions against these defendants on the denied rights in this letter or petition. I am in concern, that My licenses are about to go dead and I am not able to get around that good, and need my drivers licence renew. I would thank you sir, if you could please give a reply soon on this matter. If you would, it would greatly thankful.

Addresses of such information in the letter to you, that you may come to give notice to the contents in this letter.
